Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. Petitioners/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). STATEMENT

(In the space below, please provide the showing of unavoidable delay recited in paragraph 8 above.)

I, Mark P. Pitell am submitting my patent's three years and six month and seven years and six month Maintenance Fees that were not paid by the Invention Submission Corporation (ISC)'s patent attorney. This fact was recently brought to my attention on June 1, 2010, when I was advised that the Ford Motor Corporation may have infringed upon my patent. I contacted the U. S. Patent and Trademark Office and found out that my patent was in delinquent status due to my Maintenance Fees at all, which due to Invention Submission Corporation's patent attorney neglected to inform me of that fact when I paid the patent fees and the maintenance fees in advance. I then attempted to contact was Invention Submission Corporation and found out that the Invention Submission Corporation had shut down and gone out of business. My findings further found, the Invention Submission Corporation's patent attorney had retired to Sioux Falls, South Dakota without paying the Maintenance Fees on my patent and several of the Invention Submission Corporation's other patent clients' maintenance fees. Therefore I am requesting that this office accept my Maintenance fees and the penalty fee to reinstate my patent.
